AVERAGE KEPT UP.

No Abatement of the Yellow Fever Scourge.

REPORTS FROM VARIOUS PLACES.

Two Deaths and Seventeen New Cases at New Orleans—One Death and Ten New Cases at Mobile—Growing Worse at Edwards—Thirteen New Cases at Illinois. Better Report From Ocean Springs.

NEW ORLEANS, Sept. 29.—The yellow fever situation here continues exasperatingly the same. A daily average of 18 to 20 cases and two deaths has kept up. But while there is no sign of an epidemic visitation, the slow progress of the disease puts obstacles daily in the way of the merchant public, who are anxious to again resume trade with the surrounding country. The record yesterday was two deaths and 17 new cases, as follows:

DEATHS.

Louis Quinsell, 1408 Dante street.
Miss Emma Fleetwood, 727 Lowerline.

NEW CASES.

Mrs. B. Gricke, 1424 Cambroune.
Jessie R. Wilkinson, 1920 Jackson avenue.
Sarah Lee, 1010 Dublin avenue.
J. W. Brunswick, 19 Miro.
Miss Fannie Hewitt, 1748 Jackson.
Louis Quinsell, 1408 Dante.
Mrs. J. M. Fleetwood, 727 Lowerline.
Sister Marcella, St. Vincent infant asylum, Race and Magazine.
Mrs. A. T. Wimberley, 1718 Prytania.
Reisser, 1121 North Galvez.
Eli McConnell, detention camp.
Eleanor Reams, Phillip, between Chippewa and St. Thomas.
Mr. Lee and two children, 2233 Baronne.

Mr. and Mrs. P. Fruffa, Constance and First.

There have been a total of 177 cases to date and 21 deaths.

Business is showing feeble signs of revival and the railroads are putting forward superhuman efforts to secure a modification of the quarantine regulations. Dr. Oliphant's trip up the road at the invitation of the Southern Pacific company with a view to securing a modification of existing quarantines, will settle one way or another whether or not trade is to stagnate for several weeks longer or whether it is partially to be resumed at once.

The trip will also settle the question of whether or not New Orleans will raise the bar against Galveston and other Texas points. In the meantime, the Crescent City finds itself incapable of shipping a pound of freight to the Lone Star state. The result of this, of course, is the throwing out of employment of hundreds and thousands of people here. The railroads, the manufacturers, the big wholesale and retail stores, have all dispensed with the service of many of their employees until business again picks up.

The hotels have done away with all extra help and have cut off many of their hands, and every man, woman and child is living with rigid economy. The condition of affairs is due entirely to the strict shotgun quarantines that have been established in the country. It is probable that there have left town some 10,000, but there are still here not fewer than 275,000. In September, 1878, there were between 80 and 90 people dying of yellow fever daily. Today the daily average since the beginning of the fever here is hard- one.

DISCOURAGEMENT IN THIS.

One Death and Ten New Cases of Yellow Fever at Mobile.

MOBILE, Sept. 29.—The last report of the board of health shows the effect of the excessive hot weather of the past six days upon the populace. The number of new ones recorded for the past 24 hours is 10, all of the patients having been taken ill since the 23d. The new cases are:

J. B. Eastburn, 711 Savannah street.
Willie White, corner New Jersey and Marine.

Frank Pear, 758 Savannah.

Mrs. Daniel Petty, Cedar, between Monroe and Esplanade.

George Stoutsee, Warren, corner Warren and Charleston.

Charles Loring.

Albert A. and Carrie Healy, Augusta near Charles.

Lizzie Teat, 812 Savannah.

Thomas Wainwright, Franklin near Canal.

Brother Symphorian died at 2 o'clock yesterday afternoon at the industrial gardens and boys' school on Lafayette street.

The one other death announced was that of Mrs. Alma Kersha, Savannah street.

The board's summary is 64 cases, 9 deaths, 30 recovered and 25 under treatment. The ratio of death to cases is 14.

The work of combating the disease goes on unceasingly. The whole fever-infected district has been cleaned and disinfected, the yards, sinks, drains, streets and gutters and the districts adjacent are now receiving like care. The exodus, so called, has apparently come to a standstill. But four passengers left Mobile on the Mobile and Ohio road and not more than half a dozen on the Louisville and Nashville yesterday.

GROWING WORSE AT EDWARDS.

The Plague Is Fast Mowing Down the White Population of the Place.

EDWARDS, Miss., Sept. 29.—During the past 24 hours there has been one death from yellow fever, that of W. T.

Howie. The following new cases are reported:

Whites—Sidney Pond, Jr., Mrs. Tom Askew, Miss Osburn, W. H. Harris, J. M. Rauch, Mrs. J. W. Tatum, Hattie Colmery, Horning Colmery, L. C. Winthorpe, Miss Marie Boxtel, Miss Galeoran, Mrs. Young, Robert Montgomery, W. H. Harris, Jr., Mrs. E. M. Goode and J. F. Sessions.

Colored—Carrie Millsap, Emma Thomas, Mattie Marekey, Anna Coleman and Alonza Bailey.

Total cases, 21; total case to date, 189 in town and 8 in the county. Number seriously ill, 6; number convalescent and up, 90; total deaths to date, 8.

The yellow fever situation seems to grow worse daily. Five out of the six mentioned as seriously ill have had repeated attacks of black vomit. The fever is fast mowing down the white male population and at the present rate, a few immune nurses and doctors, will soon have complete control of the town.

Doctors Resting at Ocean Springs.

OCEAN SPRINGS, Miss., Sept. 29.—Our doctors are enjoying a much-needed rest. Only four cases of sickness in the town, two who have had the prevailing fever will be discharged tomorrow. Two others have typhoid fever and will not be out of danger for some days.

Thirteen New Cases at Illinois.

BLOOMING, Miss., Sept. 29.—Official report of the board of health: Total yellow fever to date, 127; yellow fever under treatment, 75; new cases, 13; deaths, 1. Total deaths to date, 6.

BATTLE BETWEEN EXPERTS.

Several More Witnesses For the Defense Examined in the Luetgert Trial.

CHICAGO, Sept. 29.—The battle between the experts has begun, and from now on there will be denials thrown at the evidence of the medical and chemical wise men who testified for the defense in the Luetgert case. The defense put its first witness in the expert line on the stand yesterday, and he will be followed by a long string of others. The witness of yesterday was Dr. B. L. Reise, who boiled two bodies in caustic potash in the vat in Luetgert's sausage factory, and obtained results different from those who boiled bodies in caustic potash in behalf of the state.

Another witness of the day was Armadae Opydyk, a peddler, who testified that long after the murder is said to have been committed he saw Mrs. Luetgert in the neighborhood of Janesville, Wis. He said that there were no chance of his being mistaken and he identified the photograph of her which he was shown in court in the most positive manner.

Two girls were placed upon the stand to impeach the testimony of Emma Schimpke, who said that she saw Luetgert and his wife enter the factory on the night on which the murder is said to have been committed.

There is a strong probability that Mary Siemmering will be called upon to answer a charge of perjury. In her testimony she gave evidence reflecting on the manner in which she had been treated by Inspector Schnack and Assistant State's Attorney McElwren before the trial, and as she gave sworn evidence on the witness stand directly contrary to the sworn evidence she gave at the preliminary hearing the assistant state's attorney says that he will bring a charge of perjury against her.

Distress Caused by Drouth.

INDIANAPOLIS, Sept. 29.—A cry of distress comes from the entire southern part of Indiana and from many of the northern counties on account of the unparalleled drouth. Crops generally have matured, and the hardship is not so much on account of the loss of grain as in the drying up of the streams and wells, the beating of the roads into dust and the impossibility of plowing the hard earth for fall planting.

Prepared For a Mob.

KOKOMO, Ind., Sept. 29.—Sheriff Sumption of this city is preparing for the possibility of a mob from Grant county seeking the life of Noah Johnson, the murderer of his sweetheart, Tattie Mang. In anticipation of trouble Sheriff Sumption has placed in the jail 12 Winchester rifles and 60 rounds of cartridges, taken from the armory of Company L, state militia, of this city.

Strange Man Assaulted and Robbed.

SHELBYVILLE, Ky., Sept. 29.—A strange man was found on the Hemp-Ridge Pike, two miles from town, in a dying condition. He had been assaulted and robbed. His name could not be learned, but he had been seen about that section and displayed plenty of money. Officers were dispatched to the scene.

Tracey Nominated For Mayor.

NEW YORK, Sept. 29.—General Benjamin F. Tracey, former secretary of the navy, was nominated yesterday by the convention of the regular Republican organization for mayor of greater New York. Seth Low, the nominee of the Citizens' union, got less than 50 of the 348 votes cast.

Brakeman Injured in a Wreck.

SHELBYVILLE, Ind., Sept. 29.—Freight train No. 61 on the Big Four, bound west, parted just east of this place, the rear part running into the front, demolishing four cars loaded with merchandise, entailing a loss of \$6,000. Head brakeman McMakin was probably fatally injured.

Dr. A. J. Phelps Dead.

VICKSBURG, Miss., Sept. 29.—Dr. A. J. Phelps, a wealthy planter, and lately president of the Mississippi levee board, died last night at Nittayuma, Miss. He was Grant's surgeon general in the siege of Vicksburg.

MURDER IN DETROIT

Two Men Killed and a Woman Seriously Wounded.

MURDERER MAKES HIS ESCAPE.

Horrible Outcome of a Family Difference and a Separation—Frank Fadellin, Sr., Driven From Home Returns and Seeks Revenge With the Aid of a Revolver. Five Shots Fired With Accurate Aim.

DETROIT, Sept. 29.—A most horrible double murder occurred in this city last night at about 8:30 o'clock. Frank Fadellin, Sr., a trunkmaker, living at 1345 Medbury avenue, killed his son, Frank Fadellin, shot his wife in the right shoulder and killed Joseph Stadelmann, a contractor, who lived across the street. It appears that some three months ago Fadellin refused longer to support the family. This led to serious difficulties, and ended in his being forced by his wife to leave.

Last night Fadellin came to the back door of his wife's residence and rapped for admission. Joseph Aour, Mr. Fadellin's brother, went to the door, but on learning who was outside, refused to open it. Fadellin pleaded with his wife to admit him, but she steadily refused, telling him to come in the daytime. Then Fadellin fired four shots in rapid succession through the kitchen window. Frank, Jr., fell to the floor dead with a bullet in his breast, and Mrs. Fadellin rushed into the front part of the house with a wound in her shoulder.

Hearing the reports of Fadellin's revolver, Joseph Stadelmann rushed across the street. As near as can be ascertained Stadelmann must have entered Fadellin's yard before the shot that killed him was fired. He received a terrible wound in the heart, but staggered 15 or 20 feet before falling. Mrs. Fadellin is not dangerously injured. She has nine children and Stadelmann's wife is left with six children, one a 2-month-old babe. The murderer has not yet been captured.

MARRIED A DYING MAN.

Ceremony Performed Just After a Surgical Operation Was Completed.

OWENSBORO, Ky., Sept. 29.—Officer John D. Mercer of the Owensboro police force, while gathering peaches yesterday, slipped from the ladder he was standing on and fell on a fence. One of the pickets entered his groin to the depth of four inches. The shock stunned him and he sat impaled upon the picket.

Mrs. Sallie Thompson, who lives next door to Mr. Mercer, came to his rescue, and, although he is six feet in height and weighs about 200 pounds, and she rather small, she lifted him from the fence and carried him in her arms to the house.

The wound will no doubt prove fatal. Mercer and the lady were to have been married today, but as the wound was so dangerous, it was decided to have the wedding at once. Accordingly, as soon as the man recovered from an operation, the Rev. R. H. Crossfield was called in, a license procured, and as she sat at the bedside holding his hand, the ceremony was pronounced.

AVENGING AN OUTLAW'S DEATH.

A Number of Attempts Made to Burn Down the Town of Stockton, Cal.

STOCKTON, Cal., Sept. 29.—An attempt was made early yesterday morning to burn down the business portion of the city, several incendiary fires being started simultaneously. The Pioneer art gallery was destroyed. A man was seen leaving the building on the roof shortly before the fire started. The Odd Fellows' building was also set on fire, and Levy & Brothers' large dry goods establishment was gutted. Several other incendiary fires were started, but were checked before any damage was done.

The officers suppose the attempt was made by companions of Robber Ferd, who was shot dead by the police several nights ago after he had tried to kill a number of people. It is known that he had partners in this city, who, the officers believe, are determined to avenge his death.

WAR VESSELS AT KEY WEST.

The North Atlantic Squadron Will Rendezvous There This Fall.

KEY WEST, Fla., Sept. 29.—Preparations are being made at the naval station here which would indicate that a visit is to be made before long by a large number of warships. Coal and other naval stores are being accumulated in unusual amounts, apparently under orders in anticipation that the North Atlantic squadron will rendezvous here.

The officials in charge have taken precautions to prevent accurate knowledge of the preparations from leaking out, and strangers are not admitted to the station. A torpedo flotilla is expected to arrive in November and the large vessels later on.

A Woman Fatally Burned.

PERU, Ind., Sept. 29.—While Mrs. William Kile of Denver was working about her kitchen stove yesterday, her clothing caught fire. She was so badly burned that she died within a few hours.

Same Hand, Same Mill.

BROOKVILLE, Ind., Sept. 29.—Ed Tony's right hand was caught in a canemill and he lost the index finger. A year ago he caught the same hand in the same mill and lost a thumb.

CONDITION OF CROPS.

Weekly Bulletin Issued by the Agricultural Department.

WASHINGTON, Sept. 29.—The weekly crop bulletin of the agricultural department says: Except on the Atlantic coast, where rains have fallen, the week has been exceptionally dry, and upon the whole very favorable for maturing and gathering crops. Like the preceding weeks, however, it has been very unfavorable for germination of sown grain, as well as for following and seeding, which is much delayed generally throughout the central and western and in some of the southern states. In Nebraska, however, a large acreage of wheat has been sown, much of which is up and doing nicely. In the Atlantic coast states the conditions have been more favorable for fall seeding, and satisfactory progress has been made.

The frosts of the early part of the week proved injurious to late corn in portions of Ohio, Kentucky, Pennsylvania and New York, but farther west no serious injury is reported and in some states cutting is nearing completion.

Cotton picking has been pushed forward rapidly in all sections of the cotton belt, although interrupted somewhat in the Carolinas, eastern Georgia and Florida by heavy rains. The crop has suffered further deterioration in Arkansas, and portions of Mississippi and Louisiana and damage from rains has resulted in the Carolinas and Florida. As stated in the bulletin of the previous week the bulk of the crop will be gathered by Oct. 15.

In Tennessee, Kentucky, Ohio and Virginia late tobacco has been seriously injured by frosts.

STAGE HELD UP

One of the Passengers Shot and Instantly Killed.

UTAH, Cal., Sept. 29.—Two masked highwaymen held up the Booneville stage yesterday afternoon and J. R. Barnett, a passenger, was shot and instantly killed by one of the robbers. As the stage was passing through a heavily wooded part of the road, seven miles from here, the bandits suddenly appeared and ordered the driver to stop. Barnett, who was seated on the rear of the stage, heard the order and plunged his hand into his pocket to secure his purse. The highwaymen thought that Barnett was about to draw his pistol and fired, the charge striking Barnett in the neck, killing him instantly.

The robbers then secured three express boxes and disappeared. Barnett was a pioneer resident of this city and a prominent citizen. The sheriff is now trailing the outlaws with bloodhounds. Suspicion has fallen upon two residents of this vicinity, who bear a bad reputation. If the highwaymen are discovered they will undoubtedly be lynched.

HE CAN NOT RECOVER.

The Man That Murdered His Wife and Five Children Still Alive.

CARROLL, Ia., Sept. 29.—John Boecker, the murderer of his wife and five children, still lives, though his recovery is impossible. The son, Henry, shows signs of returning strength, but physicians say his wound is fatal. The bodies of the mother and children have been prepared for burial at Breda tomorrow.

The coroner's jury has adjourned until tomorrow, so no finding has been returned.

It is now known that Boecker bought a supply of chloroform at Breda last week ostensibly to doctor hogs for cholera. With this he threw the family into their final sleep and was enabled to commit the murders without resistance. Those who knew him best say Boecker's mind has been affected for some time.

Colonel John F. Chinn Dead.

SHELBYVILLE, Ky., Sept. 29.—Colonel John F. Chinn, the oldest resident of Shelbyville, died yesterday of infirmities incidental to his age, 87 years. He was a direct descendant of the Boones and Bryans, early Kentucky pioneers, being a grand nephew of Daniel Boone. His mother was Sarah Bryan, who displayed heroic bravery at the battle of Bryan Station in risking her life to carry water to the fort while surrounded by savages. He could trace his ancestry to the Duke of Gloucester, afterward King Richard III.

Three Lives Lost on a Crossing.

CHESTER, Pa., Sept. 29.—Three persons were killed on the Baltimore and Ohio railroad tracks at Carrerof, a few miles below this city yesterday by a passenger train crashing into a wagon. The victims are: Mytro Dobriski, aged 35 years, George Baldwin, 6, and Maud Baldwin, 12, son and daughter of Robert L. Baldwin. Dobriski and the Baldwin boy were instantly killed, and the little girl lived but a few minutes.

RUN DOWN BY A TRAIN

Three Men Killed on the Railroad Near Zanesville.

TWO OTHERS SLIGHTLY INJURED.

They Were Section Men on a Handcar in the Midst of a Heavy Fog—The Dillonvale Miners Having Their Troubles. Fight in the Penitentiary—Other Happenings in the State.

ZANESVILLE, O., Sept. 29.—By an accident on the Cincinnati and Muskingum Valley railroad at 5:30 o'clock three men were instantly killed and two others slightly injured.

The killed:
Ed Davis, 33, married.
Winfield Halsey, 42, married.
William Menefee, 24, single.
The injured:
George Halsey.
—Devoe.

A few minutes before the bridge-inspection train, containing the officials of the road, left this station for Trindway to begin the annual inspection.

A heavy fog hung over the river bottom, and objects could be seen only a few feet in advance.

When three and one-half miles east of the city the inspection train ran into the handcar carrying the five section men who were coming into the city.

Davis, Winfield Halsey and Menefee were instantly killed.
George Halsey and Devoe jumped and escaped with slight injuries. All the section men resided in this city.

Miners to Meet.

STEUBENVILLE, O., Sept. 29.—The Dillonvale miners will hold a meeting this week to act on differences between them and the company. One difference is that part of the miners want Superintendent Roby removed and another is over the check weighman matter. The company refuses to allow John Harker, whom the miners elected, to act, claiming that he is not a miner. The company asks the miners to elect one of their own number.

Rescued From Drowning.

MASSILLON, Sept. 29.—Miss Ball of Pittsburg, who is visiting Miss Miona Brown, has had a narrow escape from drowning. She was riding her wheel along the towpath of the canal, with a number of friends, when she made a false move and plunged headlong into the canal. Her companions were unable to rescue her until she had gone down twice and she was resuscitated with difficulty.

Fight in the Penitentiary.

COLUMBUS, O., Sept. 29.—Wallace Crooks, a life convict from Cincinnati and John Jones, a life man from Clark county, had a desperate encounter yesterday. It occurred in the laundry. Jones knocked Crooks down with a clothes stamper, making a frightful gash in his head, and Crooks made two large dents in Jones' head with a flat-iron. Both are in the hospital.

A Narrow Escape.

RAVENNA, O., Sept. 29.—Mrs. Arthur H. Webb had a very narrow escape from being burned to death. She attempted to fill a gasoline stove, when the gas ignited from the cook stove. She dropped the burning can and ran from the room. Mrs. Webb was badly burned on the arm and hand, and the kitchen was destroyed before the fire was extinguished.

Wheelman Injured.

RAVENNA, O., Sept. 29.—Bert Bailey, a wheelman, met with a serious accident while riding down a hill on Prospect street. He could not control his machine, and struck the Pittsburg and Western railroad tracks. His wheel was a total wreck and he received a bad gash on the top of the head and other serious injuries. He was taken to the city hospital.

CORNING, O., Sept. 29.—Anna Washman, aged about 12 years, disappeared from her home at this place last Saturday night. As she had been punished for some offense by her father, this is supposed to have been the cause of her leaving home.

The Farm News of Springfield, O.,
 gives this advice:

Wheat advanced in price because the
 crop of Europe, India and South America
 did not come up to the average yield.
 Don't let us make the mistake of think-
 ing dollar wheat a certainty next year,
 and the year after. It will not pay to go
 in debt to secure more land in order to
 double your acreage of wheat next year.
 An increased acreage for 1898 is neither
 safe nor wise.

The local correspondent of the Cincin-
 nati Post hasn't yet caught on to Howard
 Saxby's latest joke on Charley Ryan, as is
 evident from the following sent out to
 that paper:

MAVSVILLE, Ky., September 28.—The
 recently published report that C. B. Ryan
 had donated to this city the fountain which
 it was also falsely reported, had been or-
 dered removed, is denied here. Mr. Ryan
 did not contribute a cent toward the
 fountain. The citizens raised the money
 for its construction.

Colonel Saxby ought to send this cor-
 respondent a diagram.

AS THE BOSS LIAR.

A Republican Editor Declares That Mark
 Hanna Takes the Cake.

[Frankfort and Louisville Capital.]

When the writer visited Mark Hanna
 last winter at his urgent request, the
 present junior Senator from Ohio, said:
 "If anybody says that any office in Ken-
 tucky is promised to anybody, he is a
 g—d—d liar." Hanna repeated this
 statement to Gov. Bradley on the occa-
 sion of the Governor's visit to McKinley
 at the latter's urgent request.

When Stanley Brown was in Washing-
 ton last summer seeking the appoint-
 ment as Collector in the Fifth district,
 Hanna told him that "we have some
 promises that we are bound to keep in
 Kentucky."

When Mr. Brown talked to old Gros-
 venor, of Ohio, that worthy declared that
 the appointment of Sapp as Collector in
 Louisville would never do; that it would
 be "a terrible blunder to recognize that
 element." And McKinley turned right
 around and told Deboe that he must in-
 dorse Sapp because the administration
 had promised him the place.

The present administration seems to
 be composed mainly of stupendous liars.

When Mark Hanna was buying up
 delegations to the St. Louis convention in
 the interest of McKinley, he encountered
 a very determined opposition in Texas.
 It was led by Hetty Green's son who was
 for Reed. But Hanna promised the of-
 fices and supplied the soap and the Mc-
 Kinley crowd won, but not until the
 Green crowd had made a bitter fight over
 at St. Louis. However, when the con-
 vention was over and Hanna came to
 elect his man, he discovered that Green
 was good for a big contribution to the
 campaign fund, only on condition that
 certain offices be guaranteed to his
 friends. It is hardly necessary to add
 at this late day, that Hanna promptly sold
 the offices for the ready cash.

But after McKinley got into the White
 House and Green had come on to get his
 offices, the President turned him down
 and Green left, vowing vengeance. A
 telegram from Hanna, however, called
 him back and they agreed upon a com-
 promise and again Green was satisfied.
 The very next day, McKinley announced
 the appointment of all Green's enemies
 to all the places that had been promised
 to him. Hanna pretended to be very in-
 dignant at this and loudly assured the
 young man from Texas that he would see
 to it that the appointments were not con-
 firmed. But they were. In Texas as in
 Kentucky the administration has paid
 for the votes in the convention, but has
 violated all subsequent pledges.

KENTUCKY POLITICS.

The Campaign Orator is Telling the People
 How to Vote in November.

CYNTHIANA, Ky., September 27.—The
 frost that overtook Messrs. Bailey and
 Parker, Republican and Populist nomi-
 nees, respectively, for Clerk of the Court
 of Appeals, at Covington Saturday night,
 was repeated here this afternoon. Al-
 though it was court day, and the streets
 were crowded with people, by actual
 count there were only 134 persons in the
 court house when the debate began, and
 the number had dwindled to absolutely
 nothing before the end.

Hon. Claude Desha, Democratic candi-
 date for the Legislature, asked a division
 of time from both Judge Yost and Messrs.
 Bailey and Parker, but his request was
 refused.

RUSSELLVILLE, Ky., Sept. 27.—Hon.
 Helm Bruce, of Louisville, an L. and N.
 railroad attorney, spoke here to-day for
 Gold Democratic Nominee Hindman.
 Hon. S. J. Goodnight, Democratic candi-
 date for Circuit Judge, asked and was
 given a division of time by Mr. Bruce.
 Mr. Bruce spoke first. His speech was
 more that of a lawyer pleading the cause
 of corporate power. Mr. Goodnight

Bail Bonds.

In affirming the case of Geo. W. Dale
 and A. D. Pollitt against the Common-
 wealth, taken up from Lewis County, the
 Court of Appeals says: "When a bail
 bond for the appearance of an accused is
 forfeited by his non-appearance, the fact
 that the Governor has issued a pardon to
 accused after forfeiture of the bond, is no
 defense in an action to compel the sure-
 ties on the bond to pay same."

REVENUE COLLECTOR IN TROUBLE.

Dismissed Democrats to Put in Republicans,
 Which May Lose Him His
 Place.

WASHINGTON, Sept. 28.—The Civil Ser-
 vice Commission this morning directed
 the Controller of the Currency to hold up
 the salaries of all the appointees of In-
 ternal Revenue Collector Nunn, of Nash-
 ville, on the ground that all the appoint-
 ments were illegal.

The commission has sent an inspector
 there which may result in the removal of
 Col. Nunn. The point is that Nunn dis-
 missed Democrats and made what he
 called emergency appointments without
 notifying the commission here, and ask-
 ing for an eligible list. Any appoint-
 ments of this character will be summarily
 dealt with in any of the other districts.

The Civil Service Commission says that
 the rules regulating the Deputy Marshals
 do not apply to the Deputy Collectors at
 all, that while the Marshals are officers
 of the court and subjected to the court,
 the Collectors are federal officers fully
 protected by the civil service.

CORPORATIONS.

Important Provision of the New Consti-
 tution Affecting the Interests of
 Such Concerns.

Section 573 of chapter 32 of the new
 Constitution went into effect Tuesday,
 and as it is of special interest to all cor-
 porations it is here given in full, as follows:

The provisions of all charters and articles of
 incorporation, whether granted by special act of
 the General Assembly or obtained under any
 general incorporation law, which are inconsis-
 tent with the provisions of this chapter concern-
 ing similar corporations, to the extent of such
 conflict, and all powers, privileges or immunities
 of any such corporation which could not be ob-
 tained under the provisions of this chapter, shall
 stand repealed on September 24, 1897; and if the
 officers, managers or agents of such corporations
 shall, after said date, exercise any powers, priv-
 ileges or immunities repealed by this section, or
 inconsistent with the provisions of this chapter,
 relating to similar corporations, on which could
 not be obtained under this chapter, the officer,
 manager or agent so offending and the corpora-
 tion for which he acts, shall each be guilty of a
 misdemeanor and fined for each offense not less
 than \$100 nor more than \$1,000, and upon the
 conviction of the corporation, a trial jury may
 at their discretion direct the forfeiture of its
 charter or articles of incorporation, in which
 case the court shall so adjudge. After the 24th
 day of September, 1897, the provisions of this
 chapter shall apply to all corporations created or
 organized under the laws of this State, if said
 provisions would be applicable to them if organ-
 ized under this chapter.

A special from Frankfort says: "The
 section of the statute quoted puts many
 Kentucky corporations in a quandary.
 Representatives of a half dozen Louis-
 ville and Kentucky chartered insurance
 companies were here Monday consulting
 with the Attorney General and Secretary
 of State about how to proceed. All ad-
 mit that a part if not all of many chart-
 ers stand repealed Tuesday under this
 section, and they must at least get per-
 mission from the Secretary of State to
 amend or to draft entirely new charters.
 They are advised to start right and first
 file their long-delayed, but constitution-
 required written acceptance of the pro-
 visions of the new Constitution. As a
 consequence many of these acceptances
 are being filed with the Secretary, and
 the corporation lawyers are doing a big
 business in the shape of advice to their
 clients."

DEAD LAWS.

Are All Local Acts Now That Conflict With
 the New Constitution—Double Li-
 ability of Stockholders.

FRANKFORT, Ky., September 28.—Ac-
 cording to the provisions of the new Con-
 stitution all local acts in conflict with
 it and not otherwise repealed, stand re-
 pealed to-day, the Constitution having
 been adopted six years ago.

In most of the counties where local op-
 tion now prevails it is under local acts
 enacted before the adoption of the Con-
 stitution, which are now repealed, and
 the counties will be "wet" unless an-
 other vote shall be taken under the regu-
 lations of the general local option law
 passed since the adoption of the present
 Constitution. Almost two-thirds of the
 rural districts of the State are now living
 under the local option law.

The section of the Constitution which
 affects the local acts, such as the local
 option law, also affects the charter of
 corporations that conflict with the pro-
 visions of the new Constitution, and a
 number of them filed articles with the
 Secretary of State to-day accepting the
 provisions of the Constitution.

The double liability clause of the Con-
 stitution, providing that the owner of
 stock in a corporation shall be liable for
 twice the amount of his stock, also be-
 comes a law.

 nery, Maysville, Ky., 25 East Second St.

REGISTRATION.

Tuesday, October 5th, the Only
Day in Maysville.

The Law on the Subject Showing Who Are
Entitled to Register—Other
Information.

The annual registration takes place Tuesday, October 5th, being confined to one day in Maysville. The places of registration will remain open from 6 o'clock in the morning until 9 o'clock at night, giving every one an opportunity to enroll his name.

Every one who desires to vote at the ensuing election or any special election during the next year will have to register on the day named.

The officers appointed for the November election will serve as officers of registration.

The following concerning "who shall register" will be of general interest:

Every native-born male citizen of the United States, who has resided in the State of Kentucky one year, in the county of Mason six months and in the precinct in which he expects to vote, sixty days prior to the election may register. He need not live there sixty days, to register, but if, by election day, he will have lived there sixty days, and in the county six months and in the State one year, he may register and vote.

Naturalized citizens of the United States who produce to the officers of registration, if demanded, their naturalization papers, and who have the necessary qualifications as to residence, may register.

Section 1,478 determines the residence of a voter as follows: "That shall be deemed his residence where his habitation is, and to which, when absent, he has the intention of returning.

The place where the family of a married man resides shall generally be considered his residence, unless the family so resides for a temporary purpose. If his family is permanently in one place and he transacts his business in another, the former shall be his residence.

There are special registration days provided for persons who may be sick or "necessarily" absent from the city on October 5th.

DICK TATE.

Pinkerton Says He is a Wealthy Coffee Planter Down in Brazil.

Dick Tate, Kentucky's defaulting State Treasurer, according to the Pinkertons of Chicago, is at present a wealthy coffee planter in Brazil. The detectives say Tate has assumed a high-sounding Spanish name.

The Pinkertons claim they could put their hands on the ex-Kentuckian any time, but that the authorities of this State do not want him brought back and that the reward for his arrest has been withdrawn, but this is not true.

A resident of Chicago, a former Kentuckian, who knew Tate intimately, says the defaulter was in that city on the recent occasion of the visit of the Pan-American delegates. This man wore a full gray beard.

ANOTHER OPERATION.

Mr. Frank Gorman Had to Undergo a Second Amputation of the Leg.

Mention was made yesterday of the accident Mr. Frank Gorman met with at the Maysville brick works Monday, necessitating amputation of the right leg above the ankle joint.

It was found necessary yesterday morning to amputate the leg above the knee. The tissues had undergone such a strain that it was found impossible to save as much of the limb as was hoped for at first.

The operation was performed by Dr. Samuel Harover, assisted by Drs. Samuels and Matthews, and Dr. Strode of Lexington.

The unfortunate young man is doing as well as could be expected, the shock of the accident being very severe as he had to deliberately hold on to something while his foot was ground and pulled off, or be drawn completely in and ground up himself.

Sure will be filed against Auditor Stone to-day to compel him to pay over money to be used in erecting the school of reform at Lexington.

Monday's enrollment at the Covington public schools was 3,800, the largest ever known in the history of the city.

HELENA STATION.

R. G. Barry is on the sick list. Rain is needed very badly here. The farmers began cutting corn last week. A large crowd from here attended the fair. Dr. Martin visited his parents near Carlisle Thursday. The thermometer registered 50° Tuesday morning last week. Master Frank Sadler, of Maysville, is visiting Mr. Thomas Costigan. Mrs. John W. Early has returned home from the conference at Mt. Sterling. R. M. Wells visited friends in Maysville and attended the fair last week. Miss Genevieve Downing returned to her home at Lexington Friday after spending the summer with Miss Jessie Wells.

EAST LIMESTONE.

The potato crop is short in this section. The excessive drouth has very much retarded wheat sowing. Mrs. Hughes, of Concord, is visiting relatives in this neighborhood. Mr. Kirkland, an industrious farmer, is suffering with a severely afflicted hand. Farmers are making up their sorghum crop, which was also injured somewhat by the protracted drouth. Little Miss Lucille Cummings, of the Sixth ward, is spending a few days with the family of Henry Williams. Steve Harrison, of the county, was in our midst the past week looking after business in the molasses making line. Albert Kidder and wife, of the Sixth ward, spent Sunday with Mrs. Kidder's mother, Mrs. Margaret Williams. The late frost, drouth, burning heat and windstorm the 15th, all caused severe damage to the late corn and tobacco. Three children of Mrs. Alex. Wallingford, of Lane, Kan., are spending the autumn with relatives and friends of this county. The harvest home fair was a grand success socially, and it is to be hoped financially. The crowd and interest were like the sheep drovers' flock, increased to the last. B. C. Williams was awakened shortly before daylight Saturday morning by the sound of sheep bells and the bark of a dog. He hurriedly repaired to the scene where he found two of his sheep badly mangled, necessitating killing, but unfortunately the dog had escaped. He immediately added a new lot of bells to his flock, and with close vigilance he expects to yet to get the dog.

PLUMVILLE.

Stephen Valentine is quite ill. C. M. Redman is recovering from his recent illness. Miss Irene Nash was a guest of Miss Sudie Jenkins Sunday. Mrs. Taylor Conrad was somewhat better when last heard from. Bert Stubbled, of Covington, is visiting relatives in the Reeterville vicinity. Mrs. Olissa Bean and niece, Miss Odie Lyon, are visiting in Tollesboro vicinity. "Doc" Weaver, who has been quite ill with typhoid fever, is able to sit up for a short time now. Charley Mattingly will make his home with Mrs. Amanda Mattingly near Mt. Gilend the coming winter. Miss Rena Mae Coryell is at home after a delightful visit with relatives and friends at Newport and Bellevue. Mrs. Nancy Berry and daughter, Mrs. Agatha West, have returned home after a week's visit to relatives on Kinney. James Sweet, of this vicinity, took the premium for the best selection of yellow corn. He raised it on the farm of J. H. Elliott. Farmers in this section are wishing for rain, the ground being in very poor condition for plowing and for sowing wheat. Robert Politt sold and delivered three organs in the county last week, to the families of Dr. Outten, Bruce Lyon and Nevill Orledge. C. P. Jenkins celebrated the 27th anniversary of his birth Saturday. Miss Ida Welch and Miss Tipton were guests at the dining. The colored camp meeting closed Sunday night. A large crowd was present Sunday afternoon and evening. Rev. W. J. Wayles, pastor of St. Paul's Baptist Church, Harrisburg, Pa., delivered most excellent sermons Friday, Saturday and Sunday evenings. Joshua E. Truett was drowned Saturday evening while sailing in Cabin Creek near Pleasant Hill school house. He leaves a wife and two children to mourn his death. Funeral services at Bethany Church Monday at 10 o'clock, conducted by Elder White, after which he was buried in the cemetery adjoining.

GERMANTOWN.

The drouth continues and is becoming serious. Dr. J. M. Frazee and wife, of Maysville, were in town on Monday. Mrs. Rena Robinson has commenced to teach a class of young ladies. On Saturday night some miscreants removed and destroyed the street lamps. Rev. Ulrich, with his family, has arrived to take charge of M. E. Church at this place. Peter E. Rigdon, of Toledo, O., is visiting friends and relatives at this his old home. Miss Nannie Erlon and her sister, Mrs. Ida Brothers, are in Cincinnati this week shopping. Miss Mary B. Walton is visiting in St. Louis and taking in the great annual fair at that place. George Gordon, of Parkersburg, W. Va., was visiting relatives in the town and neighborhood last week. Rev. Robertson preached a splendid discourse at the M. E. Church, South, on Sunday night to a large audience. The town authorities have offered a reward of \$50 for the arrest and conviction of those who destroyed the street lamps. Evan Lloyd and son Henry have returned from their visit to Nashville. The latter has gone to visit his sister at Richmond, Ky. F. A. Browning has moved his drug store to the frame building east of Patterson & Coburn's store. On October 1st our new postmaster proposes to take charge of the office, and move the same into the building formerly occupied as a drug store.

DEATH IN A MINE.

Five Men Overcome by Blackdamp After a Fire.

SCRANTON, Pa., Sept. 23.—Five men yesterday afternoon met a horrible death from blackdamp, the after accumulation of a fire in the Jernyn No. 1 mine near Rendham. The dead are: Isaac Watkins, fire boss, 55 years old, wife and one child. William Tompkins, company man, 22 years, single. Joseph Smith, company man, 35 years, wife and one child. John Gallagher, company man, 42 years, wife and seven children. William Franklin, company man, 26 years, wife. Since last Tuesday the fire had been raging in the mine. The men who lost their lives represented one "shift". They went on duty at 3 o'clock and nobody knew of their death until the discovery of the lifeless bodies. Not a man in the party survived to tell the story. In the case of each body the head pointed toward the shaft, indicating that they had groped and struggled toward the shaft and fresher air, while suffocation was overtaking them. When the catastrophe was discovered word was passed to the surface and the excitement was intense. Gangs of men were lowered on the mine carriage and all the bodies brought one by one to the surface. They were found from one to three rods apart.

STAR POINTER AND JOE PATCHEN.

The Two Fastest Miles Ever Paced Over a Track Made at Terre Haute. TERRE HAUTE, Ind., Sept. 20.—The two fastest miles ever paced over a track in one day and the fastest quarter ever paced were made here yesterday and yet the world's racing record stands as Star Pointer made it at Readville 1c point of track and weather the conditions were just right but there were unfavorable circumstances connected with both the Star Pointer and Joe Patchen speed trials yesterday. In last week's race at Milwaukee between Pointer and Patchen the Pointer broke his harness in the second heat. In steadying him McClary had to pull hard on Pointer's alacated tooth that has troubled him much of late. A change from link to snaffle bit was made yesterday, but the horse showed plainly that his mouth troubled him. He got away slow, and fearing to hurt his mouth, McClary drove him wide of the pole. From the half on he was squared away, doing the third quarter in 28 seconds and the last half in 58 3/4 seconds. Patchen was fit for the race of his life yesterday, but the pacemaker failed to come up fast enough and the first and second quarters were seen to be slower than Patchen could go. He came the last half in 59 1/4 seconds, lowering his record a quarter of a second, and finished strong and well within himself. BOUND, GAGGED AND TORTURED.

An Old Man Horribly Mistreated by Four Tramps.

ELKHART, Ind., Sept. 29.—Four tramps broke down a door leading into the home of Jonas Swanson, 70 years old, who lived alone on his farm, bound and gagged the old man, and appropriated \$25 which he had received for the sale of a cow. Then they applied the flame of a lamp to his feet and legs, severely scorching them, in an effort to make him disclose the hiding place of more money, failing in which they left him still bound and went away. He was not released until the following day, when a neighbor who was accidentally passing discovered his condition.

An Arm Torn Off.

BUTLER, Ind., Sept. 29.—H. J. Lawrence, a farmer, was fatally injured in a sawmill near Eden yesterday, his right arm being wrenched from his body.

The Austrian National Hymn.

The Austrian national anthem is one of the most beautiful of Haydn's melodies and of national hymns. The words of the "Emperor's Hymn" were written by the Jesuit priest L. L. Haschka, and were set to music by Haydn. On Jan. 28, 1797, Count von Saurau, governor of Vienna, issued a decree that "Gott erhalte Franz den Kaiser" should be the Austrian national hymn, and on Feb. 12 it was by order sung in all the theaters of Vienna. In England it is familiar as the hymn tune "Austria." It is often sung to Newton's lines, "Glorious things of thee are spoken," and sometimes also to Kempthorne's "Praise the Lord, ye heavens, adore him."

Haydn's affection for this beautiful melody is well known. He afterward employed it for the variations in the "Kaiserquartett," op. 76, No. 3, and when he was near death and too weak to stand he was carried across the room to the clavier and solemnly played the tune three times, according to Herr Pohl, as his farewell to art. William Gardiner, the Leicestershire stocking maker and musical amateur, sent Haydn six pairs of stockings woven with the air of "Gott erhalte" and other melodies.—London News.

Two Prisoners Granted New Trials.

FRANKFORT, Ky., Sept. 29.—The court of appeals has reversed two cases in which the defendants were sentenced to hang. The first was in the case of Clarence Vinegar of Woodford county, who killed his wife, and the other is the case of Charles Taylor of this city, who killed 14-year-old Nellie Stepp. The decision in Vinegar's case was a great surprise. New trials are ordered in both cases.

Two Firemen Perish.

UTICA N. Y., Sept. 29.—Isaac Monroe and John Hanlon, firemen lost their lives in the burning of the store and warehouse of the commission house of Newhite & Company yesterday afternoon. The financial loss was \$20,000. Hanlon distinguished himself for bravery in the Genesee flats fire here in March, 1896, when he saved at least a dozen lives. Both were young men.
